### INFO

Aspiring front end web developer with a background in business administration.

Accurate, analytical and decisive are some of the core qualities that best describe me. I take these qualities with me as a web developer.

Constantly evolving, trained by TechGrounds.

Now that I have placed the necessary hard skills behind my creativity, I am looking for a challenge in an organization where I can develop and take my skills to the next level.

As a colleague, I don't settle for mediocre results.

With my ambitious and motivated attitude, I am therefore sure that I can make a positive contribution to any organization.

### PROFILE

- **MBO niveau.4/HBO work and thinking level**
- **affinity with IT** and developments with regard to financial administrations
- experience with **LEAN/SENS** process optimization
- working in an **Agile** environment, familiar with **SCRUM**
- **result-oriented**, analytical, team player, problem solving, accurate, communicative.
- **qualities:** coaching ability, go-getter eager to learn, enterprising, decisive.
- commercial institutions, government institutions, non-profit organizations (foundation).
- **good command of the Dutch and English language**
